1. Meter reading is done and Rhonda has the bills out.
2. Employee reviews are done and ready for you.
3. Barrie Miller's crew is done with all three wells. Rod and I went out to the point and cleaned everything up. We are just waiting for Barrie's report.
4. I had Allen Lacaroz remove the old light fixtures from the chemical room at Colby Point pump station and install LED fixtures in their place.
5. I have the energy audit wrap up meeting tomorrow.
6. Water main flushing will begin next week.
