1. Water main flushing is done. Jon has a few private hydrants to do. All went well.
2. Employee reviews are done and ready for your review.
3. The Main St. project is moving along. Aside from some traffic control issues, things are going well.
4. I will be working with SUR West on Thursday night for the Pleasant St./Main St. shut down. I will take Friday off if all goes well.
5. The energy audit wrap up meeting went well. We have made most of the changes that were proposed to us. There are a few bigger changes that we might be able to address with matching funds from Eversource in the next few years.
6. Project meeting will be tomorrow at 10 AM at the Precinct office.
